## **CONFIGURATION MANAGEMENT TECHNICAL DIRECTOR - AEGIS**

---

---

### **POSITION SUMMARY:**

Successful candidate will lead the Configuration Management (CM) team to provide overall guidance and technical direction in developing and executing the program and integrated process for the Aegis program.

### **POSITION RESPONSIBILITIES:**

- Manage CM staff as direct reports
- Act as technical resource to entire technical staff for overall CM guidance
- Develop common CM processes, policies, and procedures
- Develop and maintain CM Plans and related documents
- Ensure effective execution of CM responsibilities throughout team
- Analyze and report on technical data flows, database effectiveness, resource allocations, major program issues, and action items
- Perform data analysis from authoritative sources
- Develop, maintain, and present briefings related to CM tasking
- Maintain effective customer relationships
- Facilitate communication flow within internal team and external customers

### **ESSENTIAL SKILLS AND EXPERIENCE:**

- 8+ years of direct Configuration Management experience with DoD programs
- Previous experience in effectively managing and leading a team of direct reports
- BA/BS Degree or HS Diploma with directly related training and work experience
- Comprehensive knowledge of CM principles, methods, and techniques:
  - Knowledge of CM industry standards (MIL-HDBK-61A & ANSI/EIA-649-1998)
  - Knowledge of the CM engineering disciplines (configuration identification, configuration control, status accounting, audits, configuration management planning, and data management)
  - Knowledge of formal change control processes: Class I changes, Class II changes, CCB experience/involvement
- Highly motivated, ability to multi-task, and work a flexible schedule in surge situations
- Demonstrated understanding of CM's relationship with other engineering disciplines
- Ability to effectively communicate verbally and in formal reports with higher authorities
- Demonstrated proficiency with MS Office including Word, Excel, and PowerPoint
- Ability to obtain and retain a Secret level security clearance
- Willingness to travel

### **PREFERRED SKILLS AND EXPERIENCE:**

- BS Degree in technical field or related discipline
- Experience related to Aegis Combat/Weapon System and/or other Navy programs
- Certification from recognized Configuration Management organization
